RE : Electrical Engineering.

Dear Hiring Manager,

I am Graduated student of Electrical and Electronics Engineering in St. Mary's Group of Institutions - Guntur, Jawaharlal Nehru Technological University Kakinada, Andhrapradesh.

Internship – IOT – INTERNET OF THINGS. (currently on going)

Modules – Linux systems.

Advanced / Embedded C Programming.

Micro – controller programming using Arduino platform.

Building IOT Applications using Rasberry pi.

IOT cloud infrastructure.

Performance and Security in IOT.

Setting up IOT workflow.

IOT and High level Architecture.

Languages – Advance C-program, C++, Data Structures, Python.

I'm writing to you to convey my interest in a full-time position with your business. I found information about your company through the careers website. Your organization's position as a leader in technology and a well-known brand greatly impressed me and piqued my interest in learning more about it. In my course work, I was exposed to some core courses. I have worked on projects where I got hands on experience with hardware and software designs.

Experience -

Organization : AMARA RAJA BATTERIES LIMITED – Chittoor, A.P

Designation : ASSISTANT ENGINEER (QUALITY ASSURANCE)

Department : [ELECTRICAL TESTING LAB]

Functional area : BMS – Battery Management System.

I believe that with my course work and past work experience, I can make an immediate and effective contribution to your company.

Thanking you for your consideration.

Yours Sincerely,
Jagadeesh.
